

# Good ENDINGS for Stories

End with a thought or a feeling

- I never want to go on that slide again!
- I was terrified and really glad I was at the bottom of the slide!

End by circling back to your "hook"

- Going on this slide really made my trip to Island Oasis eventful!

End with something you want your readers to remember

- Climbing the steps to the highest slide you have ever seen can be scary, but be sure to at least give it a try!

End by thinking about the future

- I definitely want to go down that slide again!

End with something you learned

- I learned that the slide doesn't make me fly in the air, so I think I may be able to go down it one day without being terrified!

End with some advice

- If you're thinking about going down the slide with bumps, take my advice: don't do it!

End with a wish, hope, or dream

- I hope this will get easier the more times I try going down it!
